Property Description

Luxury, design, spaciousness & Pandora-like views – this home stands out in every way. A grande central nexus dominates the space holding the kitchen, living area and dining room. Where to begin – the thoughtful lumber & stone accents, ingenious layout, unique furniture, maximum lightness & airiness, or maybe the unreal mountain vistas? On one side, the modern & fully equipped kitchen, with a gas stove and storage & counter space galore, will make every meal an adventure. On the other side, a stunning curved sofa snakes around the big-screen TV which hangs, perched, on a lumber-panel wall. The coffee table, made from several single-piece tree trunk sections, is an art piece in itself. And in-between, a dining table / kitchen island, with room for eight, is adorned with designer lighting. Looking through the space, tropical jungles and towering coastal mountains dominate the view. Floor-to-ceiling glazing and a movable wall blurs the line between ‘outside’ and ‘inside’ as this central area connects to the back patio & swimming pool.
