Property Description

Welcome to the listing of one of the final available, truly ready to build, residential lots in Tamarindo. AKA A Unicorn... Tamarindo Hills is the latest area of Tamarindo to really change over the last year or 2. It has gone from an under used nice part of town to one of the fastest growing residential areas within Tamarindo. With the location being a short 10min walk to the beach but serene and peaceful at night it has most beach scenarios covered. Less than a 5 minute walk gets you to a handful of great restaurants and stores. With a water letter in hand, power and high speed internet already in place on this street, the only thing missing is a call to your architect to get this land moving! With all the contacts you will need from lawyers to builders to interior designers, Coldwell Bankers leading Team, Henkel and Williams, have you covered! Do not hesitate to contact us on this great opportunity!
