Property Description

Blue Surf Sanctuary is a well-established boutique hospitality property located in the heart of Santa Teresa, on Costa Rica's sought-after Nicoya Peninsula. Situated on a 766.82 m² titled corner lot, the property enjoys residential and commercial zoning with up to 75% coverage, offering both operational stability and future development potential. The property is currently composed of four independent bungalows, designed to provide privacy and comfort for guests, each featuring a private bathroom with walk-in shower, air conditioning, and a private balcony with treetop views and natural ocean breezes. A shared outdoor kitchen and communal area serve as a central gathering space, supporting a low-density, boutique-style operation. Blue Surf Sanctuary has operated for years as a niche hospitality asset, welcoming international visitors and building recognition within the surf and lifestyle tourism market.
