Property Description

There are homes you purchase, and then there are lifestyles you step into. This sunset ocean view contemporary residence in Ojochal represents the final masterpiece of a four home collection personally designed by me and brought to life in collaboration with one of the area's most respected local builders, My Design, a company known for quality craftsmanship, precision execution, and enduring build standards. Conceived with intention, intelligent flow, and long term livability in mind, each home in this limited collection was crafted to perform beautifully as a luxury rental, a full time residence, or a refined retirement retreat. Positioned high above Ojochal and embraced by lush jungle canopy, the home commands sweeping Pacific sunsets and layered green horizons that feel cinematic from dawn to dusk. Clean modern architecture blends effortlessly with the surrounding tropical environment, allowing the natural beauty to take center stage.
