Property Description

Some houses are built... and others are born from a dream. Villa Raoli belongs to the latter group: a vision that unfolds gently in the hills of Pacific Heights, where light floods every space, privacy feels natural, and the beauty of Costa Rica's Pacific coast is integrated into daily life. Nestled in the coveted hills of Pacific Heights, this two-story residence is transforming into a refined sanctuary surrounded by lush vegetation. With four spacious bedrooms, three full bathrooms, and two half-baths, its layout offers comfort and functionality, ideal for gatherings, relaxation, or simply enjoying the tranquil rhythm of nature. The heart of the home opens to a bright and spacious living room where modern lines blend harmoniously with the tropical surroundings. Large openings blur the boundaries between indoors and outdoors, allowing the breeze, sunlight, and sounds of nature to become part of daily life.
