The property is easily accessible from the main road, with approximately 500 meters of semi-paved gravel road leading directly to the site. Public utilities are available nearby, though not yet connected. Currently subdivided into 8 individual lots, the finca is offered as a single parcel, providing flexibility for future development. The land features gentle topography, ideal for terracing and efficient use of space. Elevated areas enjoy ocean views of Playa Barco Quebrado, Playa Barrigona, and parts of Playa Buena Vista.
