Property Description

Altamar Estate is the kind of opportunity buyers are waiting for in Costa Rica's South Pacific: an ocean-view home minutes from the beach and Uvita, offered at a price point that is becoming increasingly difficult to find in this market. Set on a private 0.49-acre lot, this 3-bedroom, 2-bathroom home offers approximately 3,000 sq ft of construction, combining comfortable indoor living, tropical outdoor spaces, and beautiful views of the Pacific Ocean, jungle, and surrounding mountains. The home is designed for easy coastal living, with open social areas, a spacious kitchen, natural light, ceiling fans, covered outdoor areas, landscaped gardens, and a peaceful setting surrounded by nature. Whether you are enjoying morning coffee, relaxing in the afternoon breeze, or hosting guests after a beach day, the property delivers the lifestyle that makes this area so desirable. The location is one of its strongest advantages.
