Property Description

Raintree is an experience. This luxurious oasis nestled in the canopy has been thoughtfully planned, every detail having been considered with your enjoyment and integration with + respect for the jungle in mind. Nestled in Nosara, in Costa Rica's Blue Zone on the Guanacaste Peninsula, this charming community where the jungle meets the sea is known for its sunsets, its surf, its restaurants from gourmet to grassroots, its world-class yoga opportunities, and its passion for sustainable and healthy lifestyle choices. It is a place where you instantly feel at home, and at peace. Completed in August of 2022, this project was designed (architecture + interiors) by International Award Winning Architect Benjamin G Saxe of Studio Saxe, and built by Prodeyco; the results are astounding, ensuring that time spent at Raintree leaves you with treasured memories that will stay with you forever. Raintree is a completely enclosed estate, providing a one-acre private sanctuary shared only with the wildlife, birds, and butterflies attracted to the fragrance and flavors of our tropical gardens + edible forest.
