Property Description

Excellent piece of land for development of small homes, apartments, vacation rental, or business. This property is located in the heart of Santa Teresa just a few minutes up a public neighborhood road. A short walk to the beach and close to local shops and restaurants while still remaining outside of the town center. This space holds a sense of peace being slightly up the mountain away from the noise of Santa Teresa's main road. This 500 m2 lot provides both a flat and elevated landscape. The land lends itself to being the perfect site for the development of several small living spaces or apartments. The property itself touches a public road giving it easy access to surrounding areas and the ability to develop up to 75% of the land. The property is surrounded by a safe and quiet neighborhood that is also in the process of further development. Many individuals have chosen this neighborhood to create vacation or long-term rental spaces.
