Property Description

The fascinating Villa Neomar was created as a symbiosis of modern living amidst old trees and beautiful plants. It was built in 2023 on the site of a former tree nursery and is located directly on a protected area in a quiet dead-end road in the coveted Section K in the heart of Playa Guiones. In a few minutes you can walk to the famous surf beach with breathtaking sunsets. The very tastefully and individually decorated house has 4 bedrooms with their own indoor/outdoor bathrooms and private terraces. Two bedrooms in the main house have trundle beds for smaller children. The adjoining house has one bedroom, a private bathroom, a balcony, and its own kitchen. Both can accommodate a total of 12 people including children. All bedrooms have AC and the entire house has a modern monitored alarm system. The fully equipped kitchen invites you to cook together and you live in an indoor/outdoor living area with a pool for swimming or relaxing and a toddler area for splashing around.
