Property Description

One-of-a-kind property in the entire region if not the entire country, Finca Shakti literally has it all for self-sustained luxury living. The almost 19 acre riverfront property is located in a quiet rural area in the foothill mountains of Chirripó in the country's Central Southern corridor. The property is engineered and equipped to live out the end of the world or simply take peace in true sovereignty. A clean, pure and tested water source is born on the property and a year-round river runs strong enough to provide hydro-electricity to the internal operations. There is a > \$300k off-grid solar and hydroelectric power plant. Also featured is military grade security, over 3,000 hand-selected fruit trees, 2 organic green houses, 2 organic tree and vegetable nurseries, a commercial grade food drying facility, internal roads and walking trails, a riverfront yoga deck, and a brand new saltwater pool which make the property very secure, autonomous and enjoyable.
