Property Description

We are delighted to present an unmissable opportunity to acquire 4 lots situated in the serene mountains of Coronado. The jungle backdrop and views of the Osa oceanfront make this the perfect location for a developer looking to build luxury condos, a resort, or even private homes. The 4 lots are located close to Coronado, a peaceful town in Costa Rica's highly popular Costa Ballena region. It is a little quieter than nearby surf-town and tourist hotspot Uvita, so perfect for people looking for a quiet life while being a short drive away from world-class beaches and activities. Lot 6, 5, and 4 share an entrance road, while Lot 3 boasts private access. All internal roads are in good condition and would allow vehicles access to start development right away. The lots are already connected to the city water service. Coronado and its grocery stores, restaurants, and boutiques are just a short drive away.
