Property Description

Just a few minutes drive off the coastal highway and up into the tropical rainforest, you'll find Casa Eleganza, overlooking the sleepy beaches of Dominicalito, Costa Rica. As you drive through Eleganza's gates, swaying palm trees and beautiful landscaping lead up to a covered parking spot and walkway to the estate. Offering panoramic views, 180-degrees of the Pacific Ocean, this vacation villa features elegant colonial style architecture and decor. Casa Eleganza's living space encompasses more than 4,300-square feet, and can accommodate 10 guests in the 4 bedrooms and 2.5 bathroom villa. A mosaic-tiled walkway and a flowing water fountain greet visitors on arrival. Upon entering Casa Eleganza you'll walk through a foyer decorated with antique-style wrought iron chandeliers, arched ceilings and doorways, ceramic tiling and exotic local wood sourced to complete the beautiful side paneling.
