Property Description

In front of you is one of the most beautiful farms in the San Isidro area. Only 12 min from downtown San Isidro easy access for 2 well drive. I have not seen properties that offer so many things in one property, in only 30.6 acres you can build your own little paradise and live with the resources of the property. This property offers a rustic home with space and a river view, one bedroom with a walking closet bathroom, a large living room, garage, and laundry area, and comes furnished. It has the best water coming from 3 springs inside the property which give water to the house and the 3 biggest lakes, clean water perfect for drinking. The property also has city water, but the owner has never used it because it is not necessary. The property has 6 lakes, 3 large lakes that are filled with water from the springs, and 3 medium lakes that are filled with water from the river, all with the necessary permits.
